# Great Falls

Great Falls straddles the Missouri River and is known as the "Electric City" because of its numerous dams and power plants. Great Falls is a community with a rich history and great recreational and cultural amenities for the entire family. Walk in the footsteps of Lewis and Clark, the Blackfeet Indians, the buffalo and the grizzly bear.

Regardless of your adventure, Great Falls is the starting point for a Genuine Montana experience. Enjoy our hometown feel and laid-back Montana roots. Family-owned restaurants that dominate our dining scene feature delicious Montana beef, the local ranchers' handy-work. Roaming the shops and galleries of downtown Great Falls, visitors are sure to note our distinctly western heritage.

## Why hotels offer these substantial savings

The special rates in this guide are **"BASED ON AVAILABILITY."** This means that coupons will generally be accepted unless the hotel believes that it can sell its remaining rooms at the regular published rate. Like many other items, the price of a hotel room changes according to supply and demand. When business is slow, a hotel may offer a limited number of rooms at a low rate to attract additional guests. **During busier times (special events or peak periods), that same hotel may charge full price and not accept coupons or other discounts. Similarly, coupons will not be accepted if you have guaranteed advance reservations made at a higher rate.** It is easy to find out if a hotel has discounted rooms available. Just call ahead and ask the hotel operator if the special coupon rate is available tonight and that you would like to use a HotelCoupons.com coupon. They will be happy to let you know if the coupon rate is available.

## Pet Travel Tips for Every Age

By Kimberly Devitt

Shouldn't your everyday companion also be your best travel companion? We love to bring our pups on the road when we can. Much like traveling with small kids, there are a few extra steps to consider when traveling with your dog at each stage of their life.

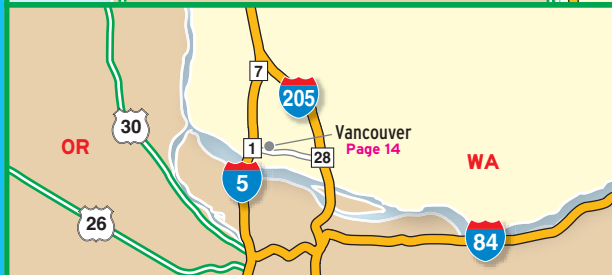

### For mid-life dogs...

Try to maintain their normalcy. If you will be crossing time zones, try to keep their feeding time the same as at home, and gradually adjust it if you need to. Talk to your vet about timing any medications they may be on before you hit the road!
